**Safety and Reliability for your vehicle**

**MITSUBISHI FUSO TRUCK & BUS CORPORATION**

# FUSO Value Parts

## Safety, Reliable and Value Price.

FUSO Value Parts are created with *Omoiyari* spirit – an emotion expressed through loyalty, empathy, and sympathy.

With *Omoiyari*, customers always come first – we strive to understand our customers' desires and deliver products that give our customers the security and reliability they are looking for.

That is why FUSO Value Parts are manufactured to support the vehicles on the long run- post warranty, while offering the best value.

You can rest assured that FUSO Value Parts will not let you down.

### Why Should you use Fuso Value Parts?

We provide **high quality** and **excellent performance**

... Fuso Value Parts are tested according to FUSO's high quality standards

We offer **attractive price** for vehicles after warranty

... Fuso Value Parts are specifically developed for owners with vehicles after warranty

We help **save your costs**

... Fuso Value Parts have a wide range of parts, providing a cost-effective

As we continue to expand the FUSO Value Parts range, contact your local FUSO dealer for more information and parts available in your area.

FUSO

**VALUE PARTS**

QUALITY PARTS, VALUE PRICE.

# Air Filter

---

- Designed to deliver consistent airflow to the engine
- Improves air quality and removes harmful impurities by using a wide paper surface
- Guaranteed leak tightness and vibration-resistant support in the housing
- Higher dust holding capacity without compromising life expectancy and fuel efficiency

# Air Filters - Model Application

# Oil Filter

---

- Prevents oil deterioration to maintain smooth engine operation and engine life
- Traps dirt particles effectively by using thick filter paper with a large surface area
- Designed to ensure little to no loss of in- and out-flow pressure during filtering
- Undergone pressure resistance tests for optimum strength and durability at abnormally high levels of contamination and impurities

# Oil Filters - Model Application

# Clutch

---

- Designed to fit FUSO vehicles, offers excellent performance and resistance to wear
- Same power transmission ratio and durability as our genuine clutches
- Ensures minimal impact on the drivetrain with minimum shock at clutch engagement
- Allows quick shifting with its lightweight and simple construction as a single disc

# Clutch - Model Application

# Oil Seal

---

- Balances both heat and cold resistance for a wide range of applications
- Designed and evaluated to have high service life even under minimum/maximum lubrication
- Every variant is tested in terms of fit and finish to address prematurely worn out seals
- Bore diameter precisely measured for better leakage control

# Oil Seal - Model Application

# Brake Lining

- Designed for continuous levels of quality and reliability
- Tested at maximum permitted conditions to ensure optimal protection of the surface during any braking
- Excellent friction pairing in combination with the FUSO Genuine brake drums

# Brake Lining - Model Application

\*Applicable for ASEAN / Asia / Hong Kong / Singapore / GCC / Africa / Latin American markets

NOT Applicable for USA / Canada / Europe / Russia / Turkey / South Africa / Australia / New Zealand markets (Neither meeting AMECA nor ECE-R90 (EU) Certification)

# Brake Pad

---

- Tested at maximum permitted conditions to ensure reliability and safety for the driver
- Designed and tested with reduction of fade resistance even during downhill braking
- Excellent friction pairing in combination with the FUSO Genuine brake discs and brake calipers
- Comes as a complete kit with child parts for easy installation
- Cleared ECE R90 and AMECA homologation

# Brake Pad - Model Application

# Radiator

---

- Thin-tube construction assures maximum cooling efficiency to maintain optimum engine performance
- Aluminum core increases the fuel-efficiency by weight optimization
- Combined with genuine coolant, superior fin waves provides best heat transfer and protects your engine from overheating

# Radiator - Model Application
